

Environmental Policy

SGA Technologies Ltd is a leading manufacturer of custom hermetic seals and a supplier of specialist technical plating services. We recognize the adverse effects that our activities could have on the environment and we are committed to minimising them.

SGA Technologies will:

- Meet and, wherever possible, exceed all relevant environmental legislation and other requirements
- Regularly set and review environmental objectives and targets, to achieve continual improvement
- Maintain good relationships with neighbouring residents and authorities
- Provide training and support to ensure that our employees are fully conversant with SGA's environmental objectives and the need to prevent pollution
- Ensure that new business ventures or expansions are fully reviewed for their environmental impact before commencement
